NEURO-LINGUISTIC KINESIOLOGY
International Training Programme
Level 3 – Links To Personal Development

Level 3 looks at self worth issues, more on the V.A.K representational system, adds 2 more aspects, work with **emotions** and many excellent corrections are added to your repertoire. Some of these include a neurovascular cycle for stress release, phobia correction, allergies, and sensitivities, overgrowths and miasms, some bodywork, chakra balancing, vision stress release and meridian therapy.

In this level you will have the time you need daily to do balances **with a partner** that will last for 1 - 1½ hours **each**. This helps prepare you to work with clients. By giving and receiving a balance you will be able to clear your own blocks. This is a perfect time to really hone your Kinesiology balancing skills and become confident and competent at doing a balance. It will prepare you to use your skills with friends, family and others.

You start making your own folder of corrections from the three manuals you have received so balancing becomes even easier with the organisation of your work material.
