Level 5 – Links To Vision Improvement

Level 5 is for improved vision and visual perception. Use affirmations for vision, vision education, A – Z vision exercises, colour gels, and mandalas. A specific home support sheet is used for any vision balance. In this level you will learn how to do a balance with a **vision affirmation** chosen by the body from a list of vision affirmations with muscle testing. Learn how to use the meta model questions in relation to the vision affirmation. Learn how to balance the body for **present, past (specific age or past life) and future.**

You have the time you need to do balances with a partner that will last for 1½ hours each – as you will be doing with your clients. This is a perfect time to really hone your Kinesiology skills and get your workbook and all case studies up to date.

You will receive your NLK 5 manual, colour gels and two eye charts – 1 large and 1 small. You will have revision for anything that you would like from levels 1 – 5.
