- THE SEMINAR IS 75% HANDS ON

In this seminar you will be taught from the material written in the book "Go Up and Work with God". This is a "hands on" class. You will learn how to hold a theta brain wave to facilitate a "reading".

The class will each receive a practitioner's manual as well as the book "Go up and Work with God". This class will also certify you to receive a certificate from Vianna for continuing education in Thetahealing.

Vianna Stibal is the founder of the Orian-Theta Technique. It was this technique that she used to co-create a spontaneous healing from cancer. With practice, this simple but effective technique has astonishing results. It is easy to learn. It draws loyal and loving students from all walks of life – teachers, doctors, engineers, physicists, lawyers, mothers and many more. Thetahealing flows easily with all people and religions. You will train your mind to go almost instantly into a deep trance-state to connect with God. Thetahealing allows you to “witness” the healing done by God. The technique can be used to “scan” the inside of the body, and heal the mind, body and spirit. Thetahealing is taught world wide, and your instructor will have taken the Teachers Instructors course, a certification course taught by Vianna.

In this class you will:

- Be taught how to connect with the Creator
- How to co-create
- How to project consciousness (remote viewing)
- DNA Activation
- The intuitive body scan
- Giving a future reading
- Contacting Guardian Angels
- Witness a healing
- The four level belief processes
- How this process allows people to change their beliefs on the Core, Genetic, History and Soul levels, all through the power of the Creator.
